

CR 78 Vegetative Recycling Plant

A special exception to the Hendry County Code was requested to perform recycling of vegetative material on a 20 acre parcel west of the Methodist Camp on CR 78. Alva Inc, the Fort Denaud Group, Commissioner Mann, staff and students from Alva School, and many local residents joined in opposing the request. Hendry Commissioners denied the request December 11, 2007. The owner is appealing the Commissioner's denial.
